

PORSCHE PRE-PURCHASE INSPECTION REPORT

A

Report Guidance

Any items appearing in the **red** column are of an urgent nature and should be rectified either prior to purchase or be reflected in the purchase price so any remedial work can be carried out as soon as possible after purchase.

Any items appearing in the **amber** column are not necessarily of an urgent nature; however any associated costs should be taken into consideration when negotiating the purchase price.

Any items appearing in the **green** column are in a serviceable condition and acceptable for the age and mileage of the vehicle.

The test drive can only be carried out with the current vehicle owners' permission and if the vehicle is deemed safe to drive. The test drive does not explore the ultimate performance, braking or handling of the car. The test drive normally lasts a few miles and checks operations of controls and systems, whilst adhering to local speed limits and regulations. Where possible, a varied route will take place.

O/S = Driver side on a right hand drive vehicle, N/S = Passenger side on a right hand drive vehicle.

Terms and Conditions

To obtain maximum benefit from this report we recommend that you read it thoroughly before proceeding with the purchase of the vehicle.

Whilst all reasonable care has been taken, the inspection of the vehicle described in this report is visual and external and Jasmine Motorsport Limited is unable to accept any responsibility for failure to identify defects not present or apparent at the time of inspection.

This inspection covers those items listed, however, it must be noted that no dismantling, removal or inspection of any parts has been undertaken. Minor body repairs of a cosmetic nature, which have been repaired to a satisfactory standard, have not necessarily been commented on.

Jasmine Motorsport Limited are unable to verify the mileage history outside the scope of HPI checks. If the vehicle has been imported, the quantity and/or quality of historical data available can be somewhat minimal. This should be taken into account when purchasing any vehicle.

A Jasmine Motorsport Limited inspection is not a guarantee against defects arising in the future and this report in no way constitutes any form of guarantee or warranty.

This report should not be used as a substitute for any purchaser viewing the vehicle themselves.

If a ramp is unavailable at the time of inspection, a trolley jack will be used to allow inspection of the Underbody. If for any reason Jasmine Motorsport Limited are unable to inspect the Underbody, an explanation will be given in this report.

This report is solely for the benefit of the person named on Page 2 and cannot be transferred to another party. Jasmine Motorsport Limited legal and financial liability in all respects is limited to the fee paid for by the customer for this report.

Should you have any questions or wish to discuss this report further, please contact us at: -
